Be On the Lookout

It is the intention of this President and Board to communicate regularly with all homeowners. We hope to accomplish this with an updated website, regular newsletters and a "Message from the President" to be sent in the near future.

Let It Snow....Let It Snow...

As we find ourselves in the midst of winter, it is good to be reminded of The Village of Antioch rules and requirements:

- No parking is allowed on any street until snow removal has been completed.
- Owners or occupants of lots which abut public sidewalks are required to clear snow after an accumulation of 2 or more inches within 24 hours of the snowfall.
- The Village of Antioch will reimburse homeowners for a damaged mailbox only if hit directly by the snowplow. This does not include damage due to the force of the snow when pushed by a plow.
- For further information on ordinance and requirements for snow removal go to www.antioch.il.gov

Billing Issues

There have been many issues regarding the billing and payment of annual dues and late fees. Vanguard is working with us and the individual homeowners to correct any errors. Some of these accounting errors have occurred as a result of changing management companies from PSI to Vanguard. All issues are being reviewed on an individual basis. If you have questions regarding the billing and payment of your annual dues, contact:

Vanguard Community Management @ 847.490.3833
and ask for accounts receivable
