RE: Village Dedication Work

Dear Red Wing View Homeowner,

Pulte Homes is in the process of conducting the dedication of Red Wing View to The Village of Antioch. As part of the dedication process, the Village of Antioch, Pulte Homes, and Property Specialists inc. are in the process of inspecting the following items throughout the community: curbs, public sidewalks and streets.

Below are some of the various repairs will be taking place in the community. At no point will you be unable to drive on the roads in the community.

All activities are subject to change pending weather.

Milling roads - The top inch of the main roads will be ground up in order to create room for a fresh layer of asphalt.

Village of Mundelein inspection of curbs and main walk

Curb repairs

Oiling roads - A primer coat of black oil will be applied to the streets to prep road for asphalt. Drive cautiously through out this day.

Paving final lift of asphalt

Main walk repairs/replacements (if needed)

As always, we thank you in advance for all of your patience and cooperation in helping us better the Community. If you have any questions or concerns, please feel free to contact me via phone or e-mail.

Sincerely,

Conor Sedam
